Society Men Will Bet
at Belmont Park Races

(By Ed Curley.)
Baltimore, Md., May 11.—From now on exclusiveness will reign supreme at Belmont Park, the Newmarket of America. The officials of this magnificent new club at Belmont Park, and it will be extremely select, for it will bar from membership all but those who live in the higher circles. This ultra exclusive organization will be known as the Turf club, and it will begin its existence on May 13, the day of the opening of racing at Belmont Park.

One of the many reasons for the formation of the Turf club is that it will make it possible for the members to indulge in oral waging without mixing with the common folk, and without much danger of being annoyed by the police.

Membership Fee Big.
A large membership fee will be exacted from those who join the Turf club, and this source of revenue will be of great help in cutting down the losses that are sure to attend the meeting. It is said that it will be permissible for a member to bring in his friends at an extra expense. The Turf club originally ran races on a track known as the "dum," which was situated at One Hundred and Tenth street and Second avenue, New York. It went out of business after a short life full of strife.

When Belmont Park was built, August Belmont discovered that a charter of the Turf club was in existence, and obtained the parchment at a cost of 1000. Under the terms the Turf club can conduct running races and regulate the membership as the officials see fit.

New Law Revived Club.
There was no need for the Turf club to appear as a live factor in the racing game until the New York legislature passed the anti-gambling laws. Under the charter of the club no one other than a member can cross the sacred portals, and this rule will be strictly enforced, even against the press. The law will not be violated in any respect, but the society leaders feel that such a select reservation will be of great benefit both to the turf and to the elect, who like racing for the sporting side alone.

HORSE RACING FOR THE SPORT OF THING OPENS
New York, May 12.—Horse racing on its own merits—racing for the excitement of the sport and with book making eliminated—will have its try-out on the Metropolitan circuit tomorrow with the opening of the 1909 turf season at Belmont Park, under the auspices of the Westchester Racing association. There will be oral betting this year, as the legality of this method of making wagers has been sustained by the appellate division of the supreme court, but in order to keep within the law no recording of wagers will be permitted.

Adopting every means for increasing receipts, which fell off as the result of the adverse anti-betting legislation, the old admission fee of \$1.00 has been restored at Belmont Park, but indications are that with fair weather the inaugural tomorrow will be witnessed by twenty thousand persons.

As in former years, the Metropolitan handicap will be the chief feature, albeit reduced in value from \$10,000 to \$5,000. Notwithstanding this, there are fourteen entries for the event, which ranks well with the entry lists of days gone by.

That part of the public that follows racing finds itself particularly eager for the opening, not only because of the anxiety concerning the experimental aspect of things, but because of the lateness of the season. Heretofore the racing season has started a full month earlier, but it was postponed this year and the days for racing have been reduced to Tuesday, Thursday and Saturday. The meet will come to a close on June 2.

All the horses for the Metropolitan handicap finished their trials on Long Island courses. Jack Atkin, looked upon as a likely starter and a probable favorite, will not start. He was scratched, it is understood, because of the almost prohibitive weight of 129 pounds imposed and because his condition indicated that he would run to better advantage in the toboggan handicap on Saturday. With Jack Atkin out, it is the prevailing opinion that King Pines, one of the Hildreth entries, will go to the post a favorite, with John E. Madden's Fayette second choice.

Governor Spry's visit was simply one of pleasure. He came primarily to enjoy a day's outing at the track and the fact that he came unannounced was sufficient evidence that he wanted to see a good day's racing, just like ordinary folks. In his party, besides a dozen or more ladies and gentlemen, were ex-Speaker H. S. Joseph, of the State Assembly, Samuel Newhouse, Salt Lake City and Horace Peery, of Ogden, who joined the party after his arrival here. These gentlemen and the fact the entire party, many of whom were witnessing real metropolitan racing for the first time, like the head of the party, rated the day's outing as a most pleasurable one. Every one had only words of highest praise for the clock-like manner in which the day's program was carried out. Nothing occurred to mar the afternoon's sport and the splendid management in each and every department at the track left a lasting impression upon the visitors.

There was plenty of excitement for the visitors in the day's events, several of the races being hotly contested almost to the wire. Col. and the best fillies shown at the track made it a triple victory by annexing the purse in the first race. The seven books, which cut in being an increase of one, deluded themselves with the idea that May Bride had a chance to trim the daughter of Kennelworth—Bellevue and made Anderson's filly a close second chance. But Ed never left the result in doubt for rushing to the front in the first twenty yards she opened a gap which she maintained to the finish, winning on the bit and with plenty to spare. May Bride had little trouble in finishing second, five lengths in front of Rezon.

Marbury, running in the colors of E. J. O'Brien, which disappointed his followers several times at Oakland this past winter showed some of his early form in the second race. Backed down from sixes to fours he came behind in the stretch and when La Chata, a favorite, bore out, hugging the rail and finished first by two and one-half lengths. Lank Cashire led, making his first appearance at the meeting was third, his showing is worth while remembering.

The best race of the day was the fourth, the Record Hotel Handicap, for three-year-olds and up at six furlongs. It brought together quite a bunch of sprinters in which Booger Red and the grey mare, Ethel Day, were the most fancied in the betting. After Fore had raced his head off in front for a half mile Booger Red assumed command only to succumb in the stretch run to Ethel Day, who won handily. This is Ethel Day's second defeat of Booger Red and it does look as if she has the Indian sign on the little "Bull Dog."

Work and Play at odds won from Platoon. In the fifth Chief Desmond, well supported at the favorite price, had little trouble in landing the purse, while H. Caul Cap, the favorite captured the last in easy fashion from London. The latter ran a fine race and if the management should put on a race at a mile and a half or two miles he would be a hard horse to beat.

GOV. SPRY ENJOYS
SPLENDID DAY'S RACING

(By W. T. Little.)
After the hostile attitude shown by the governors of many states in the past, middle west, and far west, towards racing, it was absolutely a pleasure to see such a liberal minded executive as Governor William Spry, of Utah, enjoy an exhilarating afternoon of clean, healthy and wholesome racing at the Fair ground track yesterday. For the entire six races, Governor Spry and his large party as guests of Manager William Murray, took more than ordinary interest in the day's events. During the meeting of the last three races the chief executive with several other gentlemen saw the contests decided from the judges' stand where an unobstructed view of the track was had. To use a Rooseveltian term his excellency was "delighted" at the conclusion of the afternoon's entertainment and he did not fail to express himself in most favorable terms over the day's happenings.

"I will say," remarked the Governor to a group of newspaper men, "that if such clean, healthy and honest sport is furnished in the state of Utah during my administration that I will be the last person to interfere. Racing such as I have seen this afternoon is very enjoyable and as long as the efficiency in the management of a race track is up to the mark I have observed this afternoon, I cannot see why it should be interfered with. I have spent a very pleasant afternoon and I am glad I came up here, not only because I enjoyed the outing but because it has been instructive."

Manager Murray did not expect Governor Spry in Ogden yesterday, otherwise a more elaborate reception would have been tendered him, just as soon as Mr. Murray ascertained that his excellency and party were in the city he forthwith sent them invitations granting them the privileges of the track. A portion of the reserved section of the grand stand was partitioned off and draped with the national colors and every effort was made to give the governor and party as hearty

reception as possible. The party arrived about 3 o'clock, the first race being held back until they were all comfortably seated. The band played patriotic airs; there was considerable cheering manifested in the big crowd present and altogether it was a red letter day in Utah racing circles. Not only will the visit of the governor to the track be beneficial to the "Sport of Kings" in this state, but it might act as a brace to the state executives in other states who pay more attention to the clamor of a few narrow minded persons and pass over the needs and pleasure of the classes.

Governor Spry's visit was simply one of pleasure. He came primarily to enjoy a day's outing at the track and the fact that he came unannounced was sufficient evidence that he wanted to see a good day's racing, just like ordinary folks. In his party, besides a dozen or more ladies and gentlemen, were ex-Speaker H. S. Joseph, of the State Assembly, Samuel Newhouse, Salt Lake City and Horace Peery, of Ogden, who joined the party after his arrival here. These gentlemen and the fact the entire party, many of whom were witnessing real metropolitan racing for the first time, like the head of the party, rated the day's outing as a most pleasurable one. Every one had only words of highest praise for the clock-like manner in which the day's program was carried out. Nothing occurred to mar the afternoon's sport and the splendid management in each and every department at the track left a lasting impression upon the visitors.

There was plenty of excitement for the visitors in the day's events, several of the races being hotly contested almost to the wire. Col. and the best fillies shown at the track made it a triple victory by annexing the purse in the first race. The seven books, which cut in being an increase of one, deluded themselves with the idea that May Bride had a chance to trim the daughter of Kennelworth—Bellevue and made Anderson's filly a close second chance. But Ed never left the result in doubt for rushing to the front in the first twenty yards she opened a gap which she maintained to the finish, winning on the bit and with plenty to spare. May Bride had little trouble in finishing second, five lengths in front of Rezon.

Marbury, running in the colors of E. J. O'Brien, which disappointed his followers several times at Oakland this past winter showed some of his early form in the second race. Backed down from sixes to fours he came behind in the stretch and when La Chata, a favorite, bore out, hugging the rail and finished first by two and one-half lengths. Lank Cashire led, making his first appearance at the meeting was third, his showing is worth while remembering.

The best race of the day was the fourth, the Record Hotel Handicap, for three-year-olds and up at six furlongs. It brought together quite a bunch of sprinters in which Booger Red and the grey mare, Ethel Day, were the most fancied in the betting. After Fore had raced his head off in front for a half mile Booger Red assumed command only to succumb in the stretch run to Ethel Day, who won handily. This is Ethel Day's second defeat of Booger Red and it does look as if she has the Indian sign on the little "Bull Dog."

Work and Play at odds won from Platoon. In the fifth Chief Desmond, well supported at the favorite price, had little trouble in landing the purse, while H. Caul Cap, the favorite captured the last in easy fashion from London. The latter ran a fine race and if the management should put on a race at a mile and a half or two miles he would be a hard horse to beat.
